Performing music as his only source of income since 1973, Paul Vernon's musical style is acoustic light rock, folk, ballads, and adult contemporary from the 60's, 70's, 80's, and 90's, with original music as well.

Pauls' engaging classic fingerpicking style on his acoustic 6 string and 12 string guitars, with deep rich vocals, occasional harmonica... all contribute to his LIVE sound and his success. His repertoire is comprised of meaningful songs that are lyrically compelling, including performing his own original compositions.

Incredible... With Over 15 hours of music without repeating tunes, no sheet music, no lyric pages, no predetermined setlists, and best of all (No...computers, No...sequencers, No...Tracks... as Paul doesn't need them). Performing live acoustic versions of various artist tunes from: Pearl Jam to Harry Chapin, Elton John to Poison, Don McLean to Nitty Gritty Dirt Band, Roy Orbison to Vertical Horizon, Billy Joel to Johnny Cash, Simon & Garfunkel to Three Doors Down, Cat Stevens to Dan Fogelberg, Hootie & The Blowfish to Christal Gayle, Blood Sweat & Tears to Fleetwood Mac, Green Day to Tom Petty, Garth Brooks to Sheryl Crow, The Moody Blues to Phil Collins, and many more...
